

SEPTEMBER REPORT 2020

INTRODUCTION.

Bridges of Hope and Empowerment Goal is in embracing, equipping and empowering the most vulnerable children and youth in the society through education and training.

We continue to restore hope and positive transformation in many lives by initiating programs that leads to a conducive learning environment to the children and self sustainability to the youth and families thus reducing dependency.

BOHEI has been able to offer learning scholarships to various individuals in primary schools, high schools and universities level. Gardening projects , mentorship and the supply of learning materials are part of our programs.

Vegetable grown by Children using the troughs they made

FEEDING THE HUNGRY DUE TO COVID-19

“Only by putting the poorest in charge of their own lives and destinies, will absolute poverty and deprivation be removed from the face of the earth.”

These words came from Sir Fazle Hasan Abed, 2015 winner of the prestigious World Food Prize

Teaching children how make troughs and use them to grow vegetables

Bridges Of Hope And Empowerment has come up with measures to make sure that there is food security to the most vulnerable. Due to lack of ground space to cultivate the slum dwellers are left with no option but buy vegetables from the vendors, whereas they live below a dollar a day.

The trough method of growing vegetables is a solution, they will be required to hung them outside their house walls and grow whatever vege-

FOOD DONATION TO BETHSAIDA

Bridges of Hope and Empowerment Donating food the most Vulnerable. Bethsaida host a number of orphaned children that depends on well-wishers for their daily supply. BOHEI have been committed towards donating food stuffs to this home and time to time.

Why washing hands is important During and after Covid –19

BOHEI team member showing a Maasai woma how to use the a hand washing spot

Handwashing with soap removes germs from **hands**. This helps prevent infections because: People frequently touch their eyes, nose, and mouth without even realizing it. Germs can get into the body through the eyes, nose and mouth and make us sick.

In a bid to contain Corona Virus in Olmaa Maasai Land, BOHEI have installed handwashing spots, now available to these residents maintaining hygiene within the community
